Subject: Re: Request Updates for the Hollywood Media District BID - CLEAN

Lisa,
Thank you for following up on all of these items discussed in our last Clean and Green meeting.
Especially of importance are the weeds that you mentioned as Item #1.
Nothing makes our beloved District look worse than the numerous weeds growing up from sidewalks and tree wells.
I think this should be our highest priority for LABT and Clean and Green at this time.

Thanks!

Ron

Dear Sharyn:

I drove through the District this morning and I was surprised to learn that the weeds in the side walk have not been removed

as promised by you last week. Here is a list of items that I would like to have a time line on completion:

1. When will all the weeds in the district be removed - you stated that they would be taken care of last week. NO THEY HAVE NOT -
2. Updated cleaning schedule – what days and what streets?
3. Highland Medians - the most southern median looks terrific. Can you please provide a time line for the remaining ones. When will the second median be covered in weed cloth and bark? Schedule on the other medians please
4. There was supposed to be an update on the trash cans - the ones that needed repair or relocated? Also need to relocate the sw corner city trash can on Highland/Fountain for Jacques – replace with one from Hollywood Center Studios
5. Finally, I would like a list of who is working in my District (Rena or Cesar) - let me know

Thank you for your prompt attention to this request
